### The First Shot.

A London paper relates the following under the apparent impression of its being a fact: 'The Northerners carry their revolvers at their backs in the centre of their waist-band.' A very nervous Englishman received this piece of advice from an American: 'Wait, stranger, if you get into an argument with any critter, and you see his hand stealing gently round his hip and behind his back, be certain he means mischief; only don't wait to see; you out with your six-shooter, for it is a trilling matter as to who gets the first shot. Now don't you stand on ceremony with that argumentative cuss, but fix him with a sea bullet there and then, as if he was a de-outré reptile.' The Englishman thanked his friend, and was always dodging about with his revolver, first in one pocket then in another, and keeping his eye on any stranger with whom he happened to converse. One day he met a cadaverous-looking Northerner who was suffering from lumbago. They conversed about the weather and became rather warm on the subject of rain. Suddenly the lumbago man felt a twinge in the small of his back, and with a view to explain the effect of a change of weather upon him, commenced slipping his hand slowly around to the part affected. 'Well, stranger,' says he, 'winning with pain, and his arm gradually disappearing. I guess I've got a—' The Englishman didn't wait for the conclusion, but snatched out his Colt and shot him dead.—*Kansas City Times.*

THE unexpected resignation of the British Ministry and the accession of the Liberals to power at a period when the elections called to test the popularity of the Irish Church Disestablishment Bill were scarcely over, is an event unprecedented in British history. The custom has always been for the Ministry to await the assembling of Parliament and the passage of a vote of want of confidence before retiring; but in the case before us the result was so decisive—the popular verdict against the policy of the Ministry so marked—that it is difficult to discern any good object to be subserved by a further retention of the seals of office by a defeated and baffled Premier whose power was virtually at an end. The *Times* denounces Disraeli's course as "cowardly;" but the advanced Liberal journals and the Conservative *Standard* applaud the course of the Ministry as the one best calculated to "save the Queen from embarrassment and the defeated party from needless mortification." If the despatch announcing the appointment of Robert Lowe as Chancellor of the Exchequer under Gladstone be correct, it is evident that the new Ministry will not be so intensely Radical as has been feared. The defection of Mr Lowe from the Liberal ranks in 1866, when the Reform Bill was introduced by the Russell Ministry, placed the Conservatives under Earl Derby in office. Mr Lowe, however, declined to accept office under that Ministry, and when the Conservative Reform Bill, which proved much more liberal in its character than the measure Mr Lowe had contributed to throw out, was brought in he opposed it in a speech that for withering sarcasm and forcible argument has never been excelled. So unsparring was he in his remarks upon the unfitness for the franchise of the classes the bill proposed to enfranchise that he was hissed and threatened with assault by London "roughs" while on his way to the House on the following day; and during the recent contest he did not offer himself for re-election at Calne, but has been returned (if returned at all) from one of the Universities. But what a strange combination Robert Lowe and John Bright would be in the same Cabinet. Bright is or was the most extreme man in the United Kingdom and one of the ablest. Until quite recently his speeches have enunciated intensely Radical views and breathed defiance against the "upper stratum of society." But during the canvass just closed, Mr Bright's course and speeches have been marked with a moderation and amiability that have surprised those who were wont to oppose his views as democratic and his aim as revolutionary. Upon more than one occasion, recently, when appealed to for endorsement by candidates who had offered extreme Radical views as their best recommendation to a seat in Parliament, he has declined to accede to the request; and has gone so far as to recommend the electors to return old and tried Liberals in preference to new and untried Radicals. So to-day it has come to this in England, that the opponents of Liberal measures do not know who they are called on to hate the most—Gladstone, the Liberal leader, or Bright, the head of the Radicals. Lord Stanley is to be succeeded in the Foreign Office by either the Earl of Clarendon or the Earl of Kimberley. It is a matter of deep regret that Lord Stanley has been prevented by the result of the elections from finishing the adjustment of the Alabama difficulties which he had so well in hand; and the effect of the change in this respect may be disastrous—particularly as we observe that since the result of the British elections has been made known the American Premier has become more exacting in his demands than ever. He probably reckons upon driving an easier bargain with a new Foreign Secretary than with the keen and shrewd Stanley; or, perhaps, as the end of his own term of service is near at hand, he aims at shifting the adjustment of the knotty question upon the shoulders of the President elect, who may be more pressing in his demands and threatening in his attitude than his predecessor. Earl Russell will have a seat in the new Cabinet without a portfolio; which means that he is to be a sort of adviser-general of Mr Gladstone and his Ministry—a position which his imbecile course in the Foreign Office while the American war lasted, and his subsequent want of energy and decision as Premier after the death of Lord Palmerston, would appear to indicate he is totally unqualified for. The career of the Conservative Ministry has been short but brilliant. Under its guidance the honor of the nation has been fully sustained at home and abroad. The Irish revolt which broke out while the Liberal party was in power, was vigorously dealt with and crushed. The right of franchise has been extended. The miserable savage in Africa who for five years under Liberal rule braved the power of England with impunity and held in cap-

tive British subjects, was attacked in his mountain fastnesses, overthrown, and his captives set at liberty. The Luxemburg difficulty, which at one time threatened to disturb the peace of Europe, was adjusted by a Congress assembled at London with Lord Stanley as its presiding officer. And the great scheme of confederating the British North American Colonies and laying the foundation of a mighty empire was brought to a successful consummation. India has remained quiescent; and Spain, with a British iron-clad fleet at her doors, was compelled to surrender the property of British subjects which she had unlawfully seized. Well will it be for the Liberals if, after two years and a-half of power, they shall be able to point to as brilliant and proud a record as that which the Conservatives have left behind them.

**OBITUARY.**—We are sorry to have to announce the sudden death on Tuesday, at the telegraph station on San Juan, of Mr. J. W. Dissette. He was lately the agent in that section of the W. U. Telegraph Co., previous to which—about three or four years since—he wrote for the *Chronicle*, in this city. He was a young man possessing literary qualities of considerable merit, and in his later duties was assiduous and trustworthy. Deceased was a native of Bradford, Ontario; was subject to epileptic fits, and when found on yesterday morning the symptoms showed evident signs of death from one of those sudden attacks. Only two days since a relief was appointed, and was on the way to relieve him for a period, as he had been complaining for some time past. Vancouver Lodge of this city, of which he was a member, will bury him with Masonic honors. A steamer has been chartered to bring the body over from San Juan, and the funeral will take place from Masonic Hall, Government street, at half past one p. m., on Sunday next.

**POLICE COURT.**—John Bowers appeared yesterday before the Court under a charge of stealing \$170, the property of John Postin; remanded for two days. Francis Rooke, of the navy was charged by Mr. Tugwell of the Bush Tavern, Esquimalt road, with assault and also with maliciously destroying his property to the value of \$6. Rooke, it was admitted was drunk, violent and abusive in language. After a scuffle which ensued between the parties, Tugwell called in assistance and bound Rooke with a rope, and also struck him in the face while lying on the ground in this condition. As a warning to seamen when they got intoxicated, not to be violent and destroy peoples' property, His Worship fined Rooke \$10—none of the fine to go to complainant in payment of damages sustained. His Worship further intimated that if an action was not instituted against Tugwell for the outrage committed on Rooke's person, he should feel it his duty to instruct the Police to look into the matter with a view to withdrawing Tugwell's license.

**Among the recent notable deaths in Canada** we notice that of Col Kennedy, commanding the Royal Artillery in Canada, who died suddenly at his residence in Quebec on the 12th November. Although an officer of long standing, he never saw service in the field and consequently attained to his late high position by the slow routine of ordinary promotion. Col Kennedy was among the senior colonels of the Royal Artillery, and was shortly expected to retire with the rank of Major General. The deceased gentleman we learn, was a brother to our late Governor, Kennedy. The mother of Hon. Mr. Langevin, Secretary of State of the Dominion, died at Quebec on the 10th ult, aged 68.

**MINSTREL PERFORMANCE.**—The Lafont-Ward troupe commence their performances on Saturday night next at the Theatre Royal with a company of nine persons or more. If the company receive a compensating patronage, it is their intention to remain during the winter. The company desire it to be understood that their performances on all occasions will be such as to avoid giving offence to the most fastidious, should families desire to attend.

**A BRITISH COLONY** with a balance of unexpended funds on hand is a novelty. Yet the Canadian Province of Ontario has had its accounts audited and finds \$956,405—not far from a million dollars—to her credit. The estimated expenditure was \$1,352,577, of which there has been expended only \$859,545.

**THE NEW FIRE ENGINE.**—The parties deputized to collect subscriptions for the payment of the steam fire engine, have we understand, done very well. There is still, however, a balance due, which it is most desirable should be at once made up. For those who have not yet contributed their mite, there is still a chance.

**A HINT TO OUR LUMBERMEN.**—Some one who has tried it says that if boards or planks are sawed east and west, as the tree stood the lumber will not warp. The wood on the north side of a tree is much stronger than that on the south side, and consequently lumber sawed north and south is much more liable to throw itself out of line.

**THE TELEGRAPH.**—A break has happened to the cable laid between San Juan and Lopez Islands. The interruption will be but temporary. In the interim messages will be conveyed by ferry from San Juan to a new office established on Lopez.

**THE CONSTANTINE.**—This steamer hauled up to the Hudson Bay wharf yesterday. She will sail direct for San Francisco on Saturday next.

## The Voice of the Needy.

**EDITOR BRITISH COLONIST.**—The public of Victoria have often and in many ways professed spontaneous aid to the little Orphans of the Convent of St. Ann. Encouraged by these proofs of voluntary charity, they venture to make known their distress, and to notify the public that a collection in their behalf will be commenced to-morrow and entrusted to Mrs. Garecho, Mrs. Kelley, Mrs. Nicholson, Mrs. Barnes, Mrs. Geiger, Mrs. Farrow, Mr. J. McDonald. Let the charitable people of Victoria hearken to,  
**THE VOICE OF THE NEEDY.**

**WANTED.**—Fifteen thousand of Hibben's Pacific Railroad men for the consumption of Heywood's celebrated Pork Sausage, the Elixir of Life. It has been admitted by all the Medical Students of the Theatre Royal that Heywood's Pork Sausage is the only safe and sure remedy for all prevailing complaints. Three links fried nicely brown and taken internally every morning for breakfast will relieve hunger and restore the hair to its natural color. These unequalled and remarkable sausages are kept at all respectable first class Hotels, Restaurants and Boarding houses. Go in, if you want black hair.

**OVERLAND RAILWAY.**—There are 15,000 men employed in the construction of the Overland Railway. It is encouraging to those who are in constant communication with the Eastern Markets to know of such an early prospect of greater future dispatch. Had this line been completed three months since, we should have been able before this date, respectfully to call the attention of the public to the great variety of Styles, and the Choice Patterns of the best Sheffield Pocket Cutlery, Scissors, &c., ex Bolivia. T. N. Hibben & Co.

**NEW WINTER GOODS.**—Received per Express yesterday at Victoria House their usual assortment of Fall Millinery, comprising the latest styles in Hats and Bonnets, Trimmings and flowers, Chignons and Head Dresses, &c. A case of choice Furs also received—embracing Sable, Gribie and other fashionable kinds. A few elegant articles suitable for presents, such as Lace Trimmed Handkerchiefs, Collars, Portmanteaus, Reticules, etc., also on hand.

**ANTI-DIVORCE.** is the name of the newest style, Gents' Neck Tie; these together with a Large Stock of Winter Clothing, Beaver Suits, Pants, Hats, Caps, Shaker and Oregon Underclothing, Boys' Suits, Shirts, Socks, &c., have just been opened out at Adams & BAYEN'S New Clothing Store, Government street, which they are selling cheap as usual.

SPECIAL TO THE DAILY BRITISH COLONIST

## LAST NIGHT'S DESPATCHES.

## Europe.

**LONDON, Nov 29.**—The majority of the late elections has been in favor of conservatives who always had disproportionate strength in the counties. Their gain in pleasant instances is also undoubtedly to be attributed largely to the indifference of the liberals, who were rendered careless by the heavy majority they secured during the first week of the elections. In the manufacturing districts there has been a spirited Orange organization elicited against the candidates, who favor the disestablishment. The entrance of this element into the strife in some quarters led to the mobbing and the intimidation of voters. It is charged that without responsibility for these excesses, the Liberal party have suffered so severely from them that it has become almost a duty in favor of voting by ballot.

**LONDON, Dec 3.**—Despatches from Paris report that when the police learned that the manifestations would be made in honor of Berdin, they took every precaution to prevent the people from assembling at the tomb. A crowd of people however, gathered in the neighborhood of the cemetery; the police dispersed the crowd, but they returned suddenly and continued for some time to occupy the neighboring streets; a few of the more obstinate persons were arrested, but there was no actual violence; at last accounts all was quiet. Impressing of editors and publishers for promoting the Berdin movement still continues.

## Eastern States.

**RICHMOND, Dec 4.**—In Davis case Judge Chase announced that the Court was divided he (Chase) being in favor of quashing the indictment, and District Judge Underwood opposing it.

## Central America.

**NEW YORK, Nov 30.**—The civil war in the State of Panama is closed, Government putting down the insurgents. The revolutionary movement in Costa Rica proved successful.

## California.

**SAN FRANCISCO, Dec 4.**—Flour \$5 75 @ 5 87 1/2.

Wheat \$1 75 @ 1 80.  
Barley \$2 10 @ 2 17.  
Oats \$1 80 @ 1 90.

Cleared, Dec 4—Steamer Ajax, Astoria; French ship Jeanne Alice, Port Townsend; Sailed, bark Ohio Mitchell, Port Townsend; brig Crimea, Port Ludlow; schooner General Harney, Sitka.

Legal Tenders 73 1/2 @ 74. Gold 135 1/2.

**SAN FRANCISCO, Dec 4.**—The brig Retriever arrived to-day with a portion of the cargo of the ship Golden Hind of Boston, which put into Rio in distress.

Arrived, Dec 1—Bk Rival, Port Ludlow; bkline Grace Roberts, Port Orchard. Dec 2—Bk Carlotta, from Seabeck.

## DELAYED DESPATCHES.

## Eastern States.

**PHILADELPHIA, Nov 27.**—Gen John O'Neil has been unanimously elected President of the Fenian Brotherhood at the Congress in this city. The delegates pledged their entire support to the plan submitted by him and resolved to use their influence to stop all recrimination among Irishmen laboring for the independence of Ireland. After a harmonious session the Congress adjourned.

**NEW YORK, Nov 28.**—The *Herald's* Washington special says the terms of the Protocol now in the hands of the President are as already telegraphed, except that the number of the Commissioners is four instead of three, two to be appointed by each party. Claims are to be decided immediately, or referred to arbitration.

It is said the forthcoming public debt statement will show an increase of about eleven millions, directly due to the reduction of coin in the Treasury, paid on account of coin interest.

The *Times* publishes a statement of the building operations in this city during the

war, from which it appears that over eight thousand structures were erected, at a total cost of not less than \$25,000,000, including twenty-five churches, costing about two millions. About thirty-four miles of new buildings were erected, many of the edifices being of costly marble.

**CHICAGO, Dec 1.**—The *Republican's* special says it is asserted that Seward insists upon the following points in regard to the negotiations for settling the Alabama claims:

1. That the appointment of commissioners shall be understood to constitute the admission that England was wrong in recognizing the belligerents of the South.  
2. That the claims of British subjects, which have been decided adversely in their own Courts, shall not be brought before the Commissioners.

It is probable that the claims which have only been disallowed by the American Courts, will not be included in this negotiation. It is feared that the final agreement between the two countries will not be reached until both Seward and the present British Ministry retire from office, thus bequeathing the entire question to new men on both sides.

**WASHINGTON, Dec 1.**—The public debt statement will probably show an increase of ten millions for the month.

**NEW YORK, Dec 1.**—The *Herald's* Washington special says Senator Sumner recently expressed himself determined to take a stand in Congress for the immediate resumption of specie payment. He thinks nothing more need be done to the reconstruction laws, as Grant will enforce them. He was entirely disgusted with Reverdy Johnson, and was sorry he had consented to his confirmation.

**MONTGOMERY, Dec 5.**—The Senate has passed a bill making the wearing of masks or disguises a crime, punishable with fine and imprisonment.

**CHICAGO, Dec 5.**—The National Board of Trade, in session at Cincinnati, spent yesterday in discussing the questions how to restore our shipping to its former supremacy on the ocean, the postal telegraph system and the question of specie payments.

Gen Garfield announces his intention to press to a vote at the earliest opportunity a bill abolishing the Indian Bureau, and charging the War Department with the discharge of its functions. This bill was agreed to most unanimously by the Military Committee last session, but was lost for lack of time. It now apparently has a good chance of success.

An extraordinary snow storm prevailed here all day yesterday.

A fearful collision occurred on the Ohio river at half-past seven o'clock last night. About two miles above Warsaw, on the Indiana side, the steamer America was ascending the river, when she struck the steamer United States to the main deck in two minutes. The collision occurred from mistake in signals. The United States had on board a quantity of petroleum oil, which took fire. It is supposed that 75 or 80 persons lost their lives. Both boats were the finest and largest afloat on the Ohio. Hundreds owe their lives to the courage and coolness of the officers and crew of the America, whose engines were kept moving until men were driven away by the flames. There were several bridal parties on board the America; and in all there were 350 ladies on board.

**NEW YORK, Dec 5.**—Private dispatches from Washington say that Senator Pomeroy has a bill ready to present in Congress, providing an amendment to the Constitution, which gives suffrage to all citizens of both sexes, leaving the States to fix the age of citizens.

**NEW YORK, Dec 5.**—The *Tribune* says that President Johnson had the first column of his message stolen. He intends sending that document to Congress in manuscript.

**WASHINGTON, Dec 5.**—The Secretary of the Treasury to-day issued bonds to the Central Pacific Railroad, amounting to \$650,000 for the section ending at the 410th mile post.

## Oregon.

**SALEM, Dec 2.**—Official majority in the State for Seymour electors is 164. The Democratic electors met and cast the State vote for Seymour and Blair.

## Europe.

**DUBLIN, Nov 26.**—A requiem mass was celebrated at Cork and Queenstown for the repose of the souls of the Fenians executed at Manchester. In both cases great demonstrations were made, the people attending in large numbers. There was no interference on the part of the authorities, and order was maintained.

**LONDON, Nov 26.**—Several persons have been arrested in Paris by the police for making speeches at public meetings.

**PARIS, Nov 26.**—The *Moniteur de Soir*, in an editorial on the Presidential election, says Grant's large majority will insure concord and tranquility, and it believes his policy will be to heal wounds of the late war by measures of conciliation. The same journal, in an article on South American affairs, says the hopes held out by the allied powers of ending the war with Paraguay have not been realized. It adds that President Lopez is strongly entrenched at Villia, and will continue the war even after the fall of Asencion.

Letters from Constantinople say the war in Crete is virtually ended. Several bands in the mountainous districts occasionally encounter the Turkish forces, but are daily diminishing. They find no aid or sympathy from the inhabitants.

The anniversary of the battle of Montana was celebrated with great pomp throughout Italy.

It is rumored that another attack on Rome is in operation.

**LONDON, Nov 30.**—The *Times* comments on the rapid progress of the Pacific Railroad, and commends the enterprise of the American people in overcoming obstacles heretofore deemed insurmountable. It explains the influence this project will have on the commerce of the world.

**DUBLIN, Nov 30.**—The nomination of Mr. O'Connor as member of Parliament from the

county of Sligo was seconded by Rev. Mr. Conway, a Catholic priest, who, in a speech on the occasion, declared that the Fenians in America were strong in numbers, organization and armament, and should the right of Ireland be withheld they would assist her in her liberation.

**PARIS, Nov 30.**—Mr. Hale, the American Minister to Spain is here, consulting with the medical fraternity relative to his failing health.

**LONDON, Nov 30.**—It is creditably stated that the Emperor Napoleon is suffering from an attack of Diabetes, so that he cannot give full attention to business and that the Emperor takes daily a large share in the details of the administration, relieving the Emperor from many of his burdens.

**LONDON, Dec 2.**—Prime Minister D'Israeli has published an address announcing and defining the resignation of his Ministry. He reviews the progress of the resolution in favor of the disestablishment of the Irish Church. Believing that the country could not sanction such a measure, the Government awarded the election, for the holding of which all expedition was urged. The result shows that the Ministry cannot command the respect of the House of Commons; therefore they feel it due to their own honor and policy not to continue in office a single day. They are ready to support reform in Ireland, but still offer resistance to the policy enunciated by Gladstone.

**THE PARIS LANTERNE.**—The French Government must feel greatly mortified at the continued success of M. Rochefort's *Lanterne*. It is stated on good authority that the regular weekly issue is now no less than 75,000 copies. Twenty-two thousand are printed in small size, and of these not less than 20,000 enter France in spite of the most stringent police regulations. The circulation of the paper in London is very large. A German *Lanterne* has been started in Berlin, a Spanish in Madrid, and the forthcoming appearance of an Italian *Lanterne* is announced.

**NEW GERMAN COINAGE.**—At the Congress of representatives of the commercial interests of Germany, assembled at Berlin, on Oct 21, resolutions were passed in favor of one common system of coinage, on the basis of the decimal unit as laid down at the Paris International Monetary Conference of the 6th July, 1867.

It is stated that the first act of the new Government at Madrid will be to demand the restoration of the crown jewels carried off by the Queen.

## The Horrors of Dyspepsia.

And the dismal train of disorders to which it leads, are averted by the use of HOSTETTER'S BITTERS as a preventive, or cured with astonishing celerity by its direct and genial operation upon the stomach, the liver, and the nervous system.

## The Shaking Martyrs

Of Fever and Ague, instead of being dosed for months with quinine, to the injury of the general health, are promptly set upon their feet again, without danger of a relapse, by this prompt remedy for every kind of Intermittent. Taken as a safeguard against miasma, it renders an attack of Chills and Fever absolutely impossible.

## If you are Bilious,

There is nothing that touches the Liver, the seat of the malady, so quickly, and restores it so certainly to a perfectly healthy and regular condition, as HOSTETTER'S STOMACH BITTERS. If of a "bilious habit," the tendency of your system to that form of disease may be held in check for a lifetime by the occasional use of this harmless vegetable antidote.

## After an attack of Sickness,

When the animal powers are exhausted, the pulse weak, the mind depressed, and all the powers of vitality at a low ebb, there is no restorative comparable with the BITTERS. They renovate every organ, gently stimulate the circulation, improve the quality of the blood, clear the clouded brain, and impart to the trembling nerves stability and firmness. Sold by all Druggists.

**HOLLOWAY'S PILLS.**—Invalids distracted by indigestion and discouraged in their search for its remedy should make trial of this never-failing medicine. A lady, long a martyr of dyspeptic tortures, writes that Holloway's Pills made her feel as if a burden had been taken off her. Her spirits, formerly low, have greatly improved; her capricious appetite has given place to healthy hunger; her dull, sick headache has departed, and gradually so marvellous a change has been effected, that she is altogether a new creature, and again fit for her duties. These Pills may be administered with safety to the most delicate. They never act harshly, nor do they ever induce weakness; they rightly direct deranged, and control excessive action.

There is no excuse for those who drag their weary and disordered bodies into our company when a few doses of AYER'S SARRA-PARILLA would cleanse their murky blood and restore their health and vigor. Ye mucky victims of bilious disease, have some regard for your neighbors, if not for yourselves.

**FRED PAYNE** has removed his Cheap Shaving Shop to the opposite side of Johnson street, just above the Miner's Saloon.

## Of Wonderful Efficacy in Diseases

## OF THE

## STOMACH, LIVER AND BOWELS.

## PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Ramittent Fevers. Fortifies the System against Miasma and the evil effects of an unwholesome water; invigorates the organs of digestion and the bowels;

Steadies the Nerves and Tends to Prolong Life.

## REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Cholera, Intermittent Fevers, Sea Sickness, Cramps, and Spasms, and all complaints of either sex arising from Bilious Weakness, or from the system or PRODUCED BY SPECIAL CAUSES.

As a genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated.

Persons of feeble habit, liable to Nervous Attacks, Losses of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes. In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy. Thousands who resort to it in order to prevent an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine.

Acting as a gentle and painless aperient, as well as upon the liver, it also favorably relieves the Constipation superinduced by irregular action of the digestive and secretory organs.

Perfumery.

45 Rue de Richelieu.

THE KING OF PERFUMES.

THE VICTORIA PERFUMERY is now adopted by  
the ELITE of the aristocracy and fashionable world  
on account of the superior articles for the toilet  
each of which has been made a speciality.

The new perfumes prepared with the ESSENCE  
of YLANGYLANG extracted by distillation from  
the UNONA ODORATISSIMA and imported from  
the Philippine islands are beyond comparison for  
their delicacy and sweetness. We therefore re-  
commend the BEAU MONDRE to try as a handker-  
chief perfume.

THE EXTRACT OF YLANGYLANG

AND

THE MANILLA BOUQUET

Besides these, which are the exclusive property  
of their house, Messrs Rigaud and Co prepare in  
a most approved and superior manner all the fash-  
ionable scents, amongst which we may mention the

Eau Bouquet	Wood Violet	Mignonette
Jeckey-Club	Mirechule	Jessamine
New Mown Hay	Mousceline	Magnolia
Field Flowers	Rondeleita	Moss-Rose

RIGAUD'S TOLUTINE

Is an admirable toilet-water, the true talisman  
of beauty, preserving the freshness of the skin  
and the fairness of the complexion. It is the per-  
fection of science adapted to the toilet, and is in-  
contestably superior to Eau de Cologne, or the  
most esteemed vinegars and the Florida  
water.

THE MIRANDA HAIR-OIL AND  
POMATUM.

Is a remarkable preparation which may be  
called a real treasure for the hair. It is com-  
posed of tonic and fortifying compound, and it  
beautifies and preserves the hair at the same time  
as it imparts to it a most refreshing perfume.

MIRANDA SOAP,

COMPOSED MAINLY OF THE MILK OF THE

LETUCC AND THE LILY.

A simple comparison of this soap with others  
sold by the perfumery trade, suffices to prove its  
superiority. It gives the skin a delightfully  
surface, it lathers abundantly, forming a real  
milk-bath, and is all that can be desired as to  
perfume.

MENTORINE

AND TOOTH-PASTE

THE MENTORINE is a pleasant elixir for the  
teeth; it perfumes and refreshes the mouth,  
strengthens the gums and prevents decay.

THE TOOTH-PASTE has made quite a revolution  
in this class of toilet necessary, and has done away  
with powders and opiates that are more or less  
acid and dangerous. A brush passed over it pro-  
duces a soft and unctuous mucilage that gives the  
teeth a brilliant whiteness.

THE ROSE POWDER

Preserves the skin from the roughness of the  
wind and the cold, gives it a soft freshness, and  
prevents red spots and freckles. It is far superior  
to rice and starch powders, and it is deliciously  
perfumed.

Medical.

## French Medicines,

PREPARED BY

## GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon,

PARIS.

These different medicines represent the most re-  
cent medical discoveries, founded on the principles of Chem-  
istry and Therapeutics. They must not be confounded  
with secret or quack medicines, as their names suffi-  
ciently indicate their composition; a circumstance which  
has caused them to be appreciated and prescribed by the  
Faculty in the whole world. They widely differ from  
those numerous medicines advertised in the public  
papers as able to cure every possible disease, as they are  
applicable only to but a very few complaints. The most  
stringent laws exist in France with regard to the sale of  
medical preparations, and only those which have under-  
gone an examination by the Academy of Medicine  
and have been proved efficacious, either in the hospitals  
or in the practice of the first medical men, are authorised  
by the Government. This fact must be a guarantee for  
the excellence of Messrs. Grimault & Co.'s Medi-  
cines.

NO MORE COD LIVER OIL!

## Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost  
success in the Hospitals of Paris. It is a perfect substi-  
tute for Cod Liver Oil, and has been found most beneficia  
in Diseases of the Chest, Scrofula, Lymphatic  
Disorders, Green Sickness, Muscular Atony,  
and Loss of Appetite. It regenerates the constitu-  
tion in purifying the blood, it being the most powerful  
depurative known. It has also been applied with happy  
results in Diseases of the Skin. Further, it will be  
found to be of great benefit to young children subject to  
Humors and Obstructions of the Glands.

CONSUMPTION CURED!

## Grimault's Syrup of Hypo- phosphite of Lime.

This new medicine is considered to be a sovereign  
remedy in case of Phthisis and other Diseases of the  
Lungs. It promptly removes the most serious sym-  
ptoms. The cough is relieved, night perspirations cease  
and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of Grimault  
& Co. is affixed to the bottle, as this Syrup is liable to  
imitations.

NO MORE DIFFICULT OR PAINFUL  
DIGESTION!

## DR BURIN DU BUISSON'S

(Laureate of the Paris Imperial Academy of Medicine)

## DIGESTIVE LOZENGES

This delicious preparation is always prescribed by the  
most reputed medical men in France in cases of derange-  
ments of the digestive organs, such as

Gastritis,  
Gastralgia,  
Long and Laborious Digestion,  
Wind in the Stomach and Bowels,  
Emaciation,  
Jaundice, and  
Complaints of the Liver & Lungs

## NERVOUS HEADACHE, NEURALGIA, DIARRHŒA, DYSENTERY,

INSTANTLY CURED BY

## Grimault's Guarana.

This vegetable substance, which grows in the Brazil  
has been employed since time immemorial to cure  
Inflammation of the Bowels. It has proved to be  
of the greatest service in cases of  
Cholera, as it is a preventive and a cure in cases of  
Diarrhœa.
